BASEBALL: Little League, Inc., has recently modified the date used to determine the age participants play under. Currently, participants participate at the age they are on April 30th of the current year. The implementation of the new rule has modified the age chart starting with participants born in and after 2005. See the attached chart for your child's official league age.

WHAT IS THE COST OF LITTLE LEAGUE ?

Little League works hard to minimize the individual costs to participate in its programs. There is a registration fee in each league along with an expectation for your family to participate in the league's fundraiser. For families needing financial assistance for registration, there is help available. Talk to a league official for more information.

WE NEED VOLUNTEERS

Little League is a community building program that uses the games of baseball and softball to teach life lessons to our future citizens and communities. The program is dependent upon adult volunteers to help make our programs successful.

There are many ways that adults can volunteer to help out. Individuals can volunteer as managers, coaches, and umpires. The league provides training and resources to help managers, coaches, and umpires provide a positive on-field experience for all of the kids. Our league also needs support personnel such as concession stand workers and maintenance volunteers. Additionally, we are always looking for folks to serve as Board Members and other officers in our league to help our program operate and grow. Our Little League program is owned by the families it serves. We are all responsible to make sure it is successful

Little League requires adult volunteers to have a national background check conducted prior to volunteering. This ensures that Little League provides one of the most safe and responsible youth sports programs.

If you have talents that can benefit our kids, let a league official know.
